Dear Parents,

In light of recent hoax calls made to schools, Pakenham Springs Primary School is initiating a new Emergency SMS Messaging System which is operated through our CASES21 enrolment database.

Should an emergency occur that requires imminent notification to parents, we will be using this system which accesses the parent mobile phone numbers that have previously been provided to the school. We can send a text to Parent A and/or Parent B as indicated on your child’s enrolment form.

Please note: It is the school’s current intention to use the system to notify parents in an ‘Emergency Situation Only’ at this time.

We therefore seek your permission to send an SMS if required, and request that you complete the details below and return this notice to school by Friday 11th March 2016.

Thank you,

Vicki MILES
(Acting) Principal

PAKENHAM SPRINGS
PRIMARY SCHOOL
P.O BOX 819
