4/2/2016

Dear Parents,

RE: Prep Photo day Monday 8th February

Please find attached a personalised envelope provided by our school photo company for the purpose of ordering a Prep Pack if you desire.

Our photographic company offers Preps two photo opportunities this year. The first, at the beginning of the year (next Monday 8th) and our official school photo day in Term 4.

We use the Prep photos for our school communication system and always ensure that we have this as early as possible, thus the photo session for this term occurring on Monday 8th February.

All Prep students will have their photo taken during this time with the photographers being ready to start at 9.15 (to ensure everyone is here). For this session it will only be the Prep portraits that are taken.

Regardless of whether you are purchasing the Prep Pack, the envelope needs to be returned to school as the id code on the envelope ensures that the photo is correctly matched to your child, and of course we need to this to be correct for our computer system.

The school will not handle any money on the day. Correct cash amounts must be placed in the envelope and your child will hand this directly to the photographer.

You also have the option of purchasing with a credit card. This must be detailed on your child’s envelope also.

If you are unable to purchase the “Prep Pack” at this stage of the year, please be assured that the official whole school photos will be taken in Term 4, and you will also be able to purchase photo packs at that stage.

Yours Sincerely

[Signature]

Vicki Miles
Principal.
This is the beginning...
This special time captured forever
