

DISTRIBUTE
TO ALL

Dear parents and guardians,

At Pakenham Springs, we are very excited to be launching our new Writing program in Term Two that we have been busy creating in conjunction with Courtenay Gardens Primary School. A major component of this writing program involves students having their own Writers Ideas Book. The purpose of this book is for students to collect artefacts and interesting ideas that they may like to write about at a later date. This is a book that they will take with them to their new class at the end of each year.

Over the coming holiday period, we are giving all students a fun task to help them get their Writers Ideas Books started next term. All students have been provided with a brown paper bag to collect interesting items from their holiday break. These may include tickets from a movie, theme park or sporting event. It may include photographs, brochures or receipts from outings that they have had. Anything that can be glued into a book and could provide a writing stimulus is fine.

Can students please bring these bags back to school with them on Tuesday, April 18th Which will be the first day of Term Two, so that students can start to create these books and use them to inspire some outstanding holiday writing.

Kind Regards

Danny Forster
