

# Child Safe Code of Conduct

Pakenham Springs Primary School is committed to the safety and wellbeing of children and young people. Our school community recognises the importance of, and a responsibility for, ensuring our school is a safe, supportive and enriching environment which respects and fosters the dignity and self-esteem of children and young people, and enables them to thrive in their learning and development.

This Code of Conduct sets out the expected behaviours of adults with children and young people in our school. It aims to protect children and reduce any opportunities for child abuse or harm to occur. It also assists in understanding how to avoid or better manage risky behaviours and situations. It is intended to complement child protection legislation, Department policy, school policies and procedures and professional standards, codes or ethics as these apply to staff and other personnel.

All Pakenham Springs Primary School staff, contractors, volunteers and any other member of the school community involved in child related work are required to comply with the Code of Conduct by observing the expectations for appropriate behaviour below. The Code of Conduct applies to all physical and online environments used by students. It also applies during or outside of school hours and in other locations provided by the school for student use (for example, a camp).

## Acceptable behaviours

As Pakenham Springs Primary School staff, volunteers, contractors, and any other member of the school community involved in child related work, we are responsible for supporting and promoting the safety of children by:

- treating students and families in the school community with respect in our school environment and outside the school environment as part of normal social and community activities.
- listening and responding to the views and concerns of students, particularly if they disclose that they or another child or student has been abused or are worried about their safety or the safety of another child or student.
- promoting the cultural safety, participation and empowerment of Aboriginal students, students with culturally and/or linguistically diverse backgrounds, student with a disability, international students, students who are unable to live at home and lesbian, gay, bisexual, transgender and intersex (LGBTIQ+) students.

- reporting any allegations of child abuse or other child safety concerns to the Principal, or another member of the school's leadership team.
- understanding and complying with all reporting and disclosure obligations (including mandatory reporting) in line with our Child Safety Responding and Reporting Policy and procedures and the [PROTECT Four Critical Actions](#).
- if child abuse is suspected, ensuring as quickly as possible that the student(s) are safe and protected from harm.
